

Global Anti-Bac Handwash

Description

Global Anti-Bac Handwash liquid is a high performance, environmentally friendly, bio-degradable hand soap which is gentle on hands. This product cleans away most soils, leaving hands feeling soft and smelling great. Global Anti-Bac Handwash is scientifically formulated to thoroughly cleanse your hands, and to leave your skin feeling smooth and soft. This odourless germicidal liquid softens and protects your skin from cracking and drying. Designed for use in food preparation areas or bathrooms using liquid dispenser units. Suitable for use in home, office, commercial and hospitality settings. This soap is not only effective in the removal of general grime, but also of carbon & ink.

Application

Use in amenities areas straight from dispenser, rub hands together to wash, rinse hands with potable water and dry hands.
